**Special Issue: Why sharing matters?**

Welcome to this special edition of the EuroScientist looking into how sharing practices are affecting research and innovation. And why sharing matters!

**Editorial**

- Sharing is performing, by Sabine Louët, editor, The EuroScientist

**Sharing practices**

- Digitally-enhanced research has yet to become more collaborative, by Dino Trescher
- Open Science – more than sharing, by ResearchGate CEO Ijad Madisch
- When technology shifts the academic balance, Skype interview with William Gunn, Mendeley’s head of academic outreach

**Online behaviour**

- Online reputation: necessary, but not sufficient, by John Whitfield
- Why do academics blog? by Inger Mewburn, The Australian National University, Melbourne, Australia, and Pat Thompson, University of Nottingham, UK

**Can the public share too?**

- Towards increasing citizens’ contribution to research, by Fermin Serrano Sanz, Sociente project coordinator, University of Zaragoza, Ibercivis Foundation, Spain.

**Articles in February**

- Pupils’ exposure to real-life science applications could sway their career choice
- Poetry and science: Maya
- One World, One Lab: science meets culture in Vietnam
- Science in society: caring for our future in turbulent times

**Noowit Edition**

The EuroScientist is at the forefront of web 2.0 publishing and offers you an enhanced version of its magazine. This innovative noowit version, offers curated content of relevance to the topics covered by the EuroScientist so that you can get a 360 degree vision of what is happening in fields of interest to scientists.
